About us

Al Badia Cement Co.SC was established in 2006 as a public joint-stock company to establish a Portland Cement Plant in Abu Al Shamat, Damascus Countryside.

The company's first production line began operation in 2011 with an annual capacity of 1.6 million tons of cement.

The company was listed with Damascus Securities Exchange since 2019.

In 2025, the company launched investments to increase grinding and packaging capacities, enhance power generation capacity, and complete the second production line.
